Welcome to the Sale

On behalf of the entire Archives International Auctions team, I would like to personally welcome you to our twelfth exciting auction we have held in the past five years. Again, we are honored to have been chosen to host the second annual auction held in conjunction with the Wall Street Collector's Bourse that is being held appropriately enough at the historic Museum of American Finance on Wall Street. We look forward to continued participation in this event and even now, can feel the excitement of what will certainly be the yearly highlight in the Scripophily hobby. John and Diana Herzog's previous Strasburg, Pennsylvania bourse was the international highlight of the scripophily collecting community for many years and I know it is missed by a majority of collectors and dealers who were fortunate enough to have experienced the friendships, camaraderie, shared collecting passion and lots of fun in a beautiful setting that was the standard of this bourse.

Additionally, this year is very special due to the fact that it is our "Inaugural Anniversary Auction Celebration of Important Global Companies – 2012" which will take up the first hour with the auction of historic objects, artwork and financial ephemera related to anniversary celebrations of major companies and organizations throughout the world.

We are offering over 2400 lots of U.S. and Worldwide Banknotes, Scripophily, Autographs, Security Printing Ephemera, historic documents and Financial Artifacts held over three days. The first session is scheduled on Saturday, October 20th, 2012 at the Museum of American Finance located at 48 Wall Street in New York City. It begins with the "Anniversary Auction Celebration" that includes 78 lots of historic documents, artifacts and objects including two different Edison Stock Tickers (ca. 1890's); The Peter Force Version of the Declaration of Independence printed in the 1840's on rice paper; an amazing Edison archive with numerous unpublished photos and even an original filament from the development of the electric light bulb; and dozens of other interesting and historic items.

The auction continues with an excellent autograph collection with some items having been off the market for over 30 years. Highlights include a Samuel Clemens letter signed as Mark Twain; Andrew Jackson's signature on an 1833 Bank of the U.S. check; a Johannes Brahms autographed postcard with note; a Charles Lindbergh autographed letter; and dozens of interesting and historical signatures.

Over 1,200 lots of rare and exciting scripophily items will be offered including more than 120 Confederate bonds (as single and group lots), an American Express Type II certificate from 1859, a large group of issued specimen and proof banking stocks and bonds, Chinese and Mexican bonds (some speculative), and a very rare, possibly unique 1846 Michigan, Chippewa Copper Co. issued mining certificate. Also from the scripophily category will be a large assortment of issued and specimen railroad stocks and bonds (including many rarities), worldwide certificates (including Mexico, Europe, Asia, Chile and numerous other countries), and include topics such as mining, railroad, finance, brewery and numerous other areas.

An expected star of the U.S. and worldwide banknotes session will be a group of seven different Reserve Bank of India specimens from the late 1960s to the early 1970's never before offered at auction. Also featured will be a group of 26 rare Pakistani specimens from a new find; a Canada 1954 "Devil's Head" specimen set (\$1-\$100) and 19 different Republic of Cyprus specimens, many quite rare. Also set to change hands will be a recently discovered Republica de Chile, 1898 Provisional Issue rarity of a previously unknown 10 Pesos denomination that may be unique; Early French notes (including Armee Catholique et Royale de Bretagne and Armee Catholique et Royale (1794) issued banknotes, 1940's issue, Banque of France essay proof banknotes; and 1940-70 Bank of Ireland issued notes. Hundreds of banknotes that have been off the market or never offered before at auction will include notes from Argentina; rare China issues; unlisted 1879 and 1880's Keeling Cocos rarities; East Africa; South Africa; Russia; an amazing collection of over 20 Georgia colonial banknotes from 1776 to 1778 colored seals issues; and, original advertising banknote artwork from Hugo Fleury of Waterlow & Sons fame.

We hope you enjoy our auction offerings and we are looking forward to our first Hong Kong Auction scheduled for January 25th and 26th, 2013 in Hong Kong. We are also planning a March, 2013 auction to be held at our offices in Fort Lee, NJ including U.S. & Worldwide Banknotes, Scripophily, Autographs and Historic documents and artifacts. I would also like to thank everyone who has participated in our previous auctions and has helped make this auction series a resounding success.

I am proud to present the Twelfth installment of Archives International Auctions offerings of U.S & Worldwide Banknotes, Scripophily, Autographs and historic documents and artifacts.

Best of luck,

Bob Schwartz

KEY TO CATALOGING

DEFINITIONS

SPECIMEN: An archival printing sample of a finished item, such as a stock certificate, banknote or stamp that is printed usually with "000000" serial numbers and may have "Specimen" overprinted on it and be punch canceled to invalidate it and prevent its use surreptitiously. Specimens were kept for a number of reasons, though usually as samples to give out to prospective customers to give them an idea of the type and quality of the work that the printing company was capable of doing. Usually specimens were printed in limited amounts at the beginning of a printing run to evaluate the quality of the printing work and color combinations at an early stage, rather than have an entire production run rejected due to some minor flaw that was not found until after the printing was completed. A specimen is similar to the final product, printed on the same paper and in the same color.

TRIAL COLOR SPECIMENS: Sometimes specimens would be printed in numerous color combinations not used on the final product for evaluation before a final printing. These are usually extremely rare.

PROOF: An initial pull or impression from a plate or die for evaluation of text, vignette, engraving, and esthetic appeal and to check for any errors or faults. These were usually printed on an india type of paper mounted on card or printed on some form of paper or light card. The amount of proofs printed was usually extremely small and usually number only a handful. Proofs allowed the printing company to evaluate the quality of the item being printed without having to go to the expense of making final plates and finding out small errors that could have been repaired at an earlier stage. Usually, proofs are single impressions of banknotes, stamps, vignettes, etc. Anything that was made into a plate, such as a sheet of 100 stamps could have had proof impressions taken from it. These would be called plate proofs (for multiple images) versus die proofs (usually of a single or small amount of images).

COLOR TRIAL PROOF: A proof printed in a color other than the issued color.

ESSAY DESIGN: A proposed design that was not used but may be similar or even totally different to a final approved design. An artist, engraver or company may have proposed a number of different designs and color combinations to a client for his approval. If a design is rejected and never used, it could be called an essay.

Production Material: Material found in files used in the production of security printed documents, banknotes, stamps and such. It may include correspondence, photographs, artwork, and signature samples, samples of other printed items that are marked up with corrections as well as proofs, specimens, essays, models, mockups and issued final items.

MODEL: A proposed or final design that may include original artwork, pieces of design elements such as borders, titles, vignettes, corporate seals, undertints and possibly portions of photographs. Before an engraved item was made, a design had to be decided on. This portion of the design process allowed for the artistic skills of the engraver or design department to be exhibited. Before the" digital age", banknote engravers and designers would cut up portions of other engraved items and re-apply them in a different form or design to come up with a unique new stamp, banknote or certificate. Often, all new engravings or "vignettes" of people or scenes would be engraved first to include in the new "work of art", and other times, portions of different completed items would be "borrowed" to use on a newly designed item. All models are rare and almost all of them are unique.

Peter Force 1848 Printing From the 1823 J.W. Stone Declaration of Independence Copy. In 1843, Peter Force used the original J.W. Stone copper printing plate to print additional copies of the Declaration of Independence to include in his multi-volume book, American Archives. The Congress authorized up to 1500 books to be published but the real count is unknown and estimated to be closer to 500 copies. It was printed on rice paper and folded to fit in the book. It is estimated that fewer than half of the rice paper copies exist, which is represented by this example that has never been offered at auction previously and was only recently discovered in the mid-west. The original J.W. Stone 1823 printed copies were printed on vellum, not rice paper and are extremely rare. Though requested by the government in 1823 to produce 201 copies of the Declaration of Independence, ironically, the Wet Ink process used by Stone to copy the document is what has led to the deterioration of the original copy. This Declaration has been folded for its original purpose of inclusion in Force's book and is in overall Very Fine to Extra Fine condition with 5 inch tear on the right middle margin into the text, evidently from removal from the book, that could be easily repaired. A visually stunning and rare example of one of America's most treasured and revered documents.Est. \$10000-20000

Utah Territory, December 31, 1884, \$1000, Issued and uncancelled, 1st Mortgage 6% Bond, Black with brown border and underprint, Locomotive passes telegraph poles with small train in background, XF condition, coupons attached. Salt Lake & Fort Douglass Railway Company bond signed by John W. Young as president, Rulon S. Wells as Secretary and included his brother Brigham Young Jr. and other Mormon leaders as shareholders. John Young was born in Nauvoo, Illinois to Latter Day Saint apostle Brigham Young and Mary Ann Angell. As a young boy, John traveled with the Mormon pioneers from Illinois to Utah Territory. He was ordained an apostle by his father in 1855, when he was eleven. He was called as First Counselor to his father in October, 1876 until the First Presidency was dissolved by Brigham Young's death less than a year later in 1877. Young practiced polygamy and had 4 wives. He was arrested in Denver from a complaint of his 3rd wife from Philadelphia when he took a 4th wife in 1878. Young's business practices and practice of living in New York City soon brought him into conflict with other church authorities. In 1888, Joseph F. Smith accused Young of unethically using church funds to maintain a lavish lifestyle. He resigned from the position of counselor to the Quorum of the Twelve Apostles in 1891. Rulon S. Wells was a Utah politician and was a general authority of The Church of Jesus Christ of Latter-day Saints. Rare and historic early Mormon railroad signed by son of Brigham Young. Est. \$500-1000

GEORGIA

2620

2620 Georgia Colonial "Act of September 29, 1773" Issue Banknote. Georgia, 1773, 20 Shillings, P-Unlisted, Issued, S/N 9004. A piece from one of the earlier issues of Georgia - 1773. A large size note with beautiful bright red and black printing. An interesting feature of these notes is the method used to prevent counterfeit detection. Each note was hand cut on the left from a ledger. A serial number was then inserted on both the note and the remaining part of the note that was left in the ledger. When the note was then ultimately redeemed it could be physically matched against the unique irregular cut left in the ledger to insure that it was the original note issued. Previously in the Ford collection and sold by Stack's in 2004, Stacks described this note as Extremely Fine + despite some partial splits which are reinforced on the back with hinged tape. The paper is crisp and fresh with the red text plate showing its deep embossing still. The face bright and super wide margins. A rare issue, and especially so in this superb state. Value \$3500. (ex-John Ford, May 2004, Lot 768, Sold for \$2990). Est. \$2500-4000

2621 Georgia Colonial 1776 "Sterling Denomination" Series Banknote. Georgia, 1776, 1 Shilling 6 Pence, P-S760, Issued, No S/N, This piece has the heaviest bold printing one could ever hope for on a colonial note, giving it a spectacular appearance. It is a sharp AU note with a small area at lower right where the acid from the original ink ate through the paper. Nonetheless the unusual eye appeal of this note makes it worth over the \$1500 price listed in

2.62.2

2622 Georgia Colonial 1776 "Sterling Denomination" Series Banknote. Georgia, 1776, 2 Shillings 6 Pence, P-S762, Issued, S/N 6923, A very charming piece because of the stylistic and almost folk art looking, prancing horse for its vignette. This is the scarcer of two similar issues, whereby the denomination Two Shilling & Six Pence is printed in both the left and the right margins. Unfortunately a small area at the very upper right corner has been replaced. Still an attractive note that is sure to attract a strong bid. . . . Est. \$1250-2000

2623 Georgia Colonial 1776 "Sterling Denomination" Series Banknote. Georgia, 1776, 1 Pound, P-S766, Issued, S/N 695. The largest denomination issued of this Sterling series. A dramatically full and complete note for this often cut down and trimmed issue. Somewhat toned and with its share of minor repairs to the several edge splits. Worth the price of a VF note in Newman: \$2500. Est. \$2000-3000

2624 Georgia Colonial "1776" Issue Blue Seal Series Banknote. Georgia, 1776, \$4 Spanish Milled Dollars, P-S771, Issued, S/N 10946, AU with spectacular sharp and brilliant blue seal. Good crispness to the paper. Unbeatable eye appeal. The Latin motto in the seal translates: Freedom is more precious than gold. This note in virtually unimprovable condition is sure to be treasured by the lucky win-

2625 Georgia Colonial "1776" Issue Maroon Seal Series Banknote. Georgia, 1776, \$4 Spanish Milled Dollars, P-S775, Issued, S/N 1232, The maroon notes are the scarcest color in the 1776 Colored Seal Series. This note is a nice XF that has had a small split in the center professionally repaired. Well worth the price of a problem free note the next grade down if indeed one could find a problem free note of any denomination in the RARE Maroon Series. Catalogs in Newman \$3750 VF - 7500 XF. Est. \$2500-3500

2626

2626 Georgia Colonial "1776" Issue Orange Seal Series Banknote. 2629 Georgia Colonial "1777 No Resolution Date" Issue Banknote,
Blue Green Series. Georgia, 1777, \$5 Spanish Milled Dollars, PS799, Issued, S/N 3680, Cannon in seal on lower right, The Bluegreen seals are the most difficult series of all the Georgia Colored
Seal notes which were issued 1776 through 1778. It's an immensely
popular series partly due to the unusual run of dollar denominations:
\$2, 3, 4, 5, 7, 9, 11, 13, 15, 17 Dollars. The note appears Choice XF to
AU with nice margins, bright seal and fresh appearance with small
edge faults on the left margin as well as light stain on the left margin back. This note brought \$1,840 in a major sale in January, 2005,
nearly eight years ago. Catalogs in Newman \$2500 VF. Est. \$2000-3000

2632 Georgia Colonial "1777 No Resolution Date" Issue Banknote,
Blue Green Series. Georgia, 1777, \$11 Spanish Milled Dollars, PS802, Issued, S/N 1107, water jugs on lower right, A VF note of this
scarce series, well centered with a strong seal, but with a number of
small tape or glue repairs mostly visible on the blank reverse and
over top of the seal. An appealing and desirable note nonetheless.
Catalogs in Newman \$1800 F-3750 VF. Est. \$1500-2500

2633 Georgia Colonial "1777 No Resolution Date" Issue Banknote, Blue Green Series. Georgia, 1777, \$13 Spanish Milled Dollars, P-S803, Issued, S/N 614, Liberty cap on lower right, Another very interesting denomination in this Blue-Green Seal Series. The note appears a solid VF but for three short edge splits whose repair is only noticed on the reverse; also a bit darkened on the upper and lower edges of the reverse where the piece was once mounted into an album then carefully removed. The note gives the appearance of a \$4,000 piece from the front. Worth at least half that with the described reverse issues. Catalogs in Newman \$3750 VF.Est. \$2500-3500

2634 Georgia Colonial "Resolution of September 10, 1777" Issue Banknote. Priced in Newman at \$4,750 in XF, unpriced in this superb condition. Est. \$5000-7500

CONDITIONS OF SALE

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THESE CONDITIONS OF SALE

BIDDING

- 1. Unless announced otherwise by the auctioneer, all bids are per lot, as numbered in the printed Catalogue. Archives International Auctions, as agent for the consignor or vendor, shall regulate the bidding and shall determine the manner in which the bidding shall be conducted. Archives International Auctions reserves the right to withdraw any lot prior to sale (without liability to any potential purchaser or agent), to re-offer any withdrawn lot, to divide a lot or to group two or more lots belonging to the same consignor or vendor, and to refuse any bid believed not made in good faith. Estimates of sales prices contained in the printed Catalogue reflect the best judgment of Archives International Auctions and are not minimum or upset prices.
- 2. (a) Bids shall be made in the steps set forth in paragraph 12.
 - (b) The highest bid acknowledged by the auctioneer shall prevail. Should a dispute arise between bidders (including a dispute be tween a floor bidder and the auctioneer acting on behalf of a mail bidder, consignor or vendor), the auctioneer alone shall determine who the successful bidder is and whether to reoffer the lot in dispute. Should a dispute arise after the sale, the auction eer's sale records shall be conclusive. On all lots sold, a commission of 18% on the hammer price is payable by the buyer to the auctioneer.
- (a) The auctioneer reserves the right to bid on behalf of clients (and consignors or vendors) but shall not be liable for errors and omissions in executing instructions to bid, however received, and whether such errors or omissions be those of the bidder or agent or those of the auctioneer.
 - (b) Lots may be offered subject to a reserve price. The auctioneer may implement such reserve price by bidding on behalf of the consignor vendor.
 - (c) It may also be assumed that all consignors have been advanced monies against the sale of their consigned material and Archives International Auctions therefore has a security interest in the consigned material over and above the normal auction commission.
 - (d) Purchases made by a consignor or vendor or his agent on his own lots shall be considered as a sale subject to commissions and sales tax as applicable.
 - (e) Agents are responsible for the payment of the purchase price for all purchases made on behalf of their clients, unless other arrangements with the auctioneer have been confirmed in writing prior to the auction.

PAYMENT FOR PURCHASES

- Payment for lots, including those on which opinions are desired (Con dition of Sale 8), shall be as follows:
 - (a) Floor Bidders. Payment of the purchase price, or such part there of as Archives International Auctions shall require, shall be made by the purchaser in cash or bank or certified check or in such other manner as Archives International Auctions may determine. The name and address of the purchaser of each lot shall be given to the auctioneer immediately following the sale of such lot.
 - (b) Mail Bidders. A successful mail bidder will be notified of lots purchased. Before Archives International Auctions will send such lots, payment in full must be received by Archives International Auctions within three (3) business days of receipt of the aforesaid notification by the mail bidder. However, a purchaser known to Archives International Auctions at its option may have purchases delivered or forwarded for immediate payment (by a dollar draft on a U.S. bank in the case of overseas purchasers). Mailed delivery will be to the address on the bid sheet and proof by Archives International Auctions of receipt of a sending at the advised address shall constitute delivery. All charges for handling, delivery and insurance obtained by Archives International Auctions on behalf of the purchaser shall be added to the purchase price; a minimum charge of \$10.00 will be made. Risk of loss in transit shall be on the purchaser.
- Title shall not pass to the purchaser until full payment has been received by Archives International Auctions as agents for the consignor or vendor.

- 6. (a) Purchasers agree to pay for lots as specified in Condition of Sale 4 (or as the same may be modified by Condition of Sale 8), and no credit is extended; a late payment charge of 2% per month or fraction thereof shall be added if payment is not made in accordance with the aforesaid conditions.
 - (b) In the event that a bidder shall fail to comply with these Conditions of Sale ("Non-Complying Bidder"), then, as to any lot with respect to which such failure to comply occurs, Archives International Auctions may, in its sole discretion, re-offer such lot during the same auction or at an auction at a later time, or by private treaty at such time as Archives International Auctions, in its sole discretion, deems appropriate and the Non-Complying Bidder shall be liable for the deficiency, if any, between the hammer price and the net proceeds of a sale to a subsequent purchaser, whether at auction or by private treaty, as well as for all costs and expenses of both sales, all other charges due thereunder, including commissions with respect to both sales, whether payable to Archives International Auctions or to a third party and all incidental damages. It shall be in Archives International Auctions' sole discretion to determine whether to re-offer the lot theretofore hammered-down to a Non-Complying Bidder at the same auction, or by private treaty in due course, or at a subsequent auction conducted by Archives International Auctions. In no event shall any surplus arising from the sale of a re-offered lot be payable to a Non-Complying Bidder.
 - (c) A defaulting purchaser shall be deemed to have granted Archives International Auctions a security interest in property in Archives International Auctions possession owned by such purchaser. Archives International Auctions shall have all of the rights afforded a purchase money secured party under the New York or New Jersey Uniform Commercial Code with respect to such property and may apply against such obligations all monies held or received by it for the account of, or due from Archives International Auctions to such purchaser. Archives International Auctions is authorized to file a Financing Statement in order to perfect its rights as a secured party.
 - (d) If Archives International Auctions takes any legal steps to secure payment of a delinquent account, the defaulting purchaser shall be liable for all legal and other expenses incurred by Archives International Auctions to secure such payment, including but not limited to a reasonable allowance for attorneys' fees. For purposes of this paragraph, the term legal steps shall be deemed to include any and all consultation by Archives International Auctions with its attorneys with respect to all matters arising out of a delinquent account.
 - (e) Unless otherwise acceptable to Archives International Auctions, payment is to be made only in the form of cash, bank check or certified check, credit card (Visa or MasterCard only) or a bank wire transfer.

Any lot which a purchaser considers to be incorrectly described may be returned to Archives International Auctions within two weeks of its receipt by such purchaser ("Returning Purchaser"), provided, however, that the same is received by Archives International Auctions within four weeks of the date of the auction; however, Archives International Auctions may, in its discretion, refuse acceptance of such returned lot. If an opinion of a generally recognized authority is desired, the period of time within which a lot must be received by Archives International Auctions will be extended in accordance with Condition of Sale 8. In the event that a dispute cannot be resolved by reference to a generally recognized authority, and Archives International Auctions thereupon undertakes to re-offer the lot with a description identical to thedescription disputed, the Returning Purchaser shall be liable for the deficiency, if any, between the proceeds of the sale to the Returning Purchaser and the proceeds of a sale to a subsequent purchaser, as well as for all costs and expenses of the re-sale, including commission, and all incidental damages.
